SALE INFORMATION

54* barrows will be eligible to sell in the Hill District Grandstand Youth Auction. Barrows eligible to sell in the Hill District Grandstand Youth Auction will be determined on a percentage basis. The percentage eligible to sell in the youth auction in each breed/division will be determined by 54 (sale slots) divided by the number of barrows entered upon arrival in the current year's show. The distribution of the 54* sale slots per breed and class will be posted at the time classes are posted. *See Youth Auction Rule #3

- * There must be a minimum of 15 head to constitute a breed. Youth will declare a breed/division when checking in.
- * A judge will select barrows to be eligible for sale in breeds/divisions in which the number of sale slots is less than the number of classes in the breed/division multiplied by 2. Example: 3 sale slots are allotted based on percentage for a breed/division in which there are 2 classes. The judge would select a 3rd barrow eligible for the youth auction during their respective breed/division drive.
- * In cases where the number eligible to sell in the Youth Auction calculates to an odd number and cannot be evenly distributed per class in a breed/division, an additional sale slot will be distributed to the heaviest weight class, then the 2nd heaviest weight class, then so on and so forth. A total of eighteen (18) market barrow classes will be set at the discretion of the superintendents based upon number of entries. There will be no pre-set weight breaks.

*The Hill District Grandstand executive board may add additional sale slots on a year to year basis to the Market Barrow show to include all 1st and 2nd place barrows. This decision will be made prior to classes being posted after superintendents break classes.

Thank you to our 2026 barrow show sponsors!
